Test Chapter	3
First section test - wrong	3
Second section text - almost right	3

Test Chapter

First section - wrong

Here comes some text about the city of Águeda (related to “sports”, for example), then comes a small divider.

Here comes some more text about Águeda, related to “nature”. Then comes another divider.

After some more text related to Águeda and its “local administration”, comes another section.

Second section - almost right

Here comes some text about the city of Anadia. What I need is to insert the divider, at a larger size (like the one in the “First Section - wrong”), just below the words “Second section”, and still have the image at the right.
